ONE OF THE Tenterden Youth Club entries in Monday's Gala Day procession

THIS ATTRACTIVE horse and cart was entered in the procession by the Tenterden Youth Club

Club building fund gains from carnival

WELL over 1,000 people packed Tenterden Recreation Ground on Monday for the town's annual youth club carnival and Bank Holiday fair. On Wednesday it was estimated the day will make a profit of over £300 for the club's building fund.

A club representative said practically every organisation in the area had co-operated magnificently to make the day a great success.

Winner of the tableau contest was Mr. Leonard's Linen House, with Mace Stores and the Toy-town train entered by Benenden Chest Hospital runners-up.

Although the number of floats were a little disappointing they made up in quality what they lacked in quantity with the Linen House in particular being a really professional job.

The procession from St. Michael's to the recreation ground included the town's fire engine, the youth club ship and cart and the County of London Army Cadet Force Band led by W.O. I. R. J. Folgate.

HISTORICAL SCENES

A youth club cart displayed historical scenes painted on its panels and was a great favourite with the crowd.

Opening the fete, the Mayor of Tenterden, Cr. Reuben Collison welcomed the visitors and said he wished everyone a very enjoyable afternoon.

He said the youth club was doing an excellent job and urged everyone to give as generously as possible.

It would be misleading to think that only the youth club would benefit from the building fund. Highbury Hall, the club's headquarters, is now being used by the old people of the town and in the
