Chance to tell them

TENTERDEN sends eight of its bright, young — and vocal — people to London on Sunday to tell ITVs Sunday night audience all over the country what, in their opinion, "Happiness is . . ."

They will be the members of the team Mr. Bob Matthews, club leader, is selecting to take part in the early Sunday night religious programme "Roundabout".

The programme formula is for selected leaders in phil-

osophy, from the churches, and from various organisations to set a "topic" to be answered from the floor.

Mr. Matthews said on Tuesday when he received the invitation, "I am not sure who all the eight members will be but I am hoping our team will include one young man who has continually said after hearing the programme 'If I had only had the chance to tell them how wrong they were'."
