### £15 – AND A YOUTH CLUB BECOMES WHEELBORNE

**M**EMBERS of Tenterden Youth Club will be getting around more now that they have their own transport. They bought a Dormobile for £15 and have been hard at work getting it ready. Even the girls have taken a hand cleaning it up. The main part of the work is being done by apprentice mechanic 18-year-old Michael Collison, of 4 Danemore, and 18-year-old Rodney Weeks, of 10 Castweald. They are pictured at work. The club hopes to have the Dormobile ready by May 18, when it will be seen by guests at a club cheese-and-wine party. The decision to buy its own vehicle came after the club was unable to hire a mini-bus at a reasonable cost to take members to a holiday on the Broads.
