Youth club buys a bus

A SMALL BUS, which members of Tenterden youth club bought for themselves for £15, put into good order and repainted, to make themselves mobile, will be on show to the 100 guests at a cheese and wine party on Saturday next week at the Youth Centre.

Ald. R. Collison, the Mayor, and Dr. Gompertz, will be joint hosts. Ald. Collison is president of the Association for the Care of the Elderly, and Dr. Gompertz is president of the Youth Club.

Both young and old share the same premises, the elderly for coffee in the mornings and lunch, and the young people in the evenings. Donations by the party guests will go to the building fund.

Mrs. N. G. M. Winter, the youth club secretary, said: "We are glad the club members will put their own bus on show because it demonstrates they do not always want their elders to do things for them. With this, and drivers approved by the club, they now go to dances, meetings, or swimming at Camber."
