
CREATING THE RIGHT FUNERAL

We believe, it's vitally important to make funeral arrangements that meet your needs, both practically and spiritually, in order to achieve a loving and meaningful farewell for your loved ones.

There is no such thing as a "one size fits all" funeral and we realise that families require adequate time to gather their thoughts and decide on the right direction.

At Holly's Funerals, we'll help you to develop your ideas and support you in delivering the right funeral for you.

It's just as important to consider the softer elements, such as the care and preparation of the body, the involvement of family and friends and the inclusion of suitable rituals and ceremony, as it is the choice of coffins, cars and flowers.

Rituals are symbolic activities that help us express our deepest thoughts and feelings about the person whose life has ended, enable us to celebrate that life and help us deal with the grief of losing that person.

OUR FUNERAL SERVICES & PRICES

We want you to have the best possible experience at this difficult time. To achieve this, we provide a flexible choice of services that are designed to offer exactly the level of support that you require from us.

FULL FUNERAL SERVICE	PROFESSIONAL FEE	£1,850*
-----------------------------	-------------------------	----------------

For burials or cremations, this service is for people who want us to make all funeral arrangements on their behalf. We advise you of all of the options available and help you to plan the funeral that best meets your needs. We work closely with you throughout the process to ensure a personal & meaningful farewell is achieved with the minimum of worry and stress.

DIRECT CREMATION SERVICE	PROFESSIONAL FEE	£1,250*
---------------------------------	-------------------------	----------------

For people who are looking for a simple funeral without a service at the Crematorium. Direct Cremation is a more practical & lower-cost option, which separates the cremation process from the funeral ceremony. We arrange a cremation without any service or mourners present. A memorial service can be held at a time & location more convenient for you and your family.

KENT BARN FUNERALS	PROFESSIONAL FEE	£1,850*
---------------------------	-------------------------	----------------

Ideally suited for people who do not want a traditional church or crematorium based funeral, we are delighted to offer a beautiful, timber-framed Kentish Barn as an alternative venue for your funeral service. We think it's the perfect solution for families who want an uplifting, celebratory funeral service followed by light refreshments or a sit down meal at the same venue.

FUNERAL PLANNING SERVICE	PROFESSIONAL FEE	£300*
---------------------------------	-------------------------	--------------

This service is for people who want to plan their own funeral in advance. We will advise you of all your rights and options and help you create a detailed funeral plan for you to share with friends and family. We will also cover briefly the importance of making a will, nominating trusted people with Power of Attorney and the use of Advanced Directives for medical care.

* Prices as at 8 April 2018. Prices do not include 3rd party disbursements. We are one of the very few funeral directors who do not make any profit on 3rd party disbursements and funeral goods. Full details of what's included in the price are available on our website www.hollysfunerals.co.uk
